EXPERIENCE

WordPress Content Editor

8/23/2023 – 12/14/2023 | SWIC

- Revamped academic program webpages, making them not only visually captivating, but also user-friendly.
- Identified/fixed CSS bugs
- Used CSS and JavaScript to animate HTML elements
- Collaborated with an amazing, open-minded team whether it was brainstorming solutions or ironing out issues

Head Cook

04/2020 – PRESENT | FRATERNITY OF THE EAGLES

Managed a team of 3-5 cooks, implemented innovative menu changes, maintained a safe and sanitary kitchen environment, and streamlined food preparation processes by introducing new techniques and training staff.

Data-Entry Clerk

01/2019 – 01/2020

- Accurately entered and maintained customer information, policies, and claims data into the company's database
- Collaborated with the administrative team to verify and update policyholder details, premiums, and coverage information
- Assisted in the digitization and organization of paper-based records, resulting in improved accessibility and reduced storage costs
- Upheld confidentiality and security measures when handling sensitive customer information and adhered to data protection policies

SKILLS

- C#
- ASP.net Core MVC
- WordPress
- Python
- JavaScript
- SQL
- Git
- Avg. typing speed of 80 WPM
